

JELLINEK MEMORIAL FUND - LIST OF RECIPIENTS

YEAR	AWARDEE	CATEGORY
1968	Dr. Jean Pierre von Wartburg University of Bern, Switzerland	Genetics and biochemistry
1971	Dr. Kettil Bruun The Finnish Foundation for Alcohol Studies Helsinki, Finland	Sociology: For outstanding contribution to knowledge in the field of alcohol studies
1972	Bill W.	Co-Founder of Alcoholics Anonymous
1972	Mr. Robert Popham Addiction Research Foundation Toronto, Canada	Epidemiology and pharmacology: For outstanding contribution to knowledge in the field of alcohol studies
1972	Dr. Harold Kalant Addiction Research Foundation Toronto, Canada	Epidemiology and pharmacology: For outstanding contribution to knowledge in the field of alcohol studies
1974	Dr. Joan Curlee-Salisbury University of Minnesota Minnesota, U.S.A.	Clinical psychology
1974	Dr. Donald W. Goodwin Department of Psychiatry Washington University U.S.A.	Psychiatric genetics
1976	Dr. Charles S. Lieber Departments of Medicine & Pathology City University of New York U.S.A.	Clinical medicine
1977	Professor Mark Keller Professor of Documentation Rutgers University, New Jersey, U.S.A.	Documentation: For his outstanding contributions to the documentation of the alcohol literature
1977	Dr. Werner K. Lelbach University Clinic Bonn, Germany	Clinical epidemiology: For his outstanding contributions to clinical epidemiology knowledge of the etiology of alcoholic liver disease
1977	Dr. Georges Pequignot Natl Institute of Hlth & Medical Research Le Vesinet, France	Clinical epidemiology: For his contributions to knowledge of the clinical epidemiology of physical damage resulting from prolonged alcohol use
1978	Dr. Nancy K. Mello Alcohol and Drug Abuse Research Center Harvard Medical School Belmont, Mass. U.S.A.	Experimental behavioral studies: For her outstanding contributions to experimental behavioural knowledge of the determinants and consequences of excessive alcohol consumption in man
1978	Dr. Jack H. Mendelson Department of Psychiatry Harvard Medical School Belmont, Mass. U.S.A.	Experimental behavioral studies: For his outstanding contributions to experimental behavioural knowledge of the determinants and consequences of excessive alcohol consumption in man

JELLINEK MEMORIAL FUND - LIST OF RECIPIENTS

1979	Dr. J. Griffith Edwards Addiction Research Unit Institute of Psychiatry London, England	Socio-behavioral treatment evaluation research: For his outstanding contribution to the area of socio-behavioral treatment evaluation research
1979	Dr. D.L. Davies Alcohol Education Centre The Maudsley Hospital London, England	Socio-behavioral treatment evaluation research: For his outstanding contribution to the area of socio-behavioral treatment evaluation research
1980	Dr. Yedy Israel, Clinical Institute Addiction Research Foundation Toronto, Canada	Biomedical research – treatment: For his outstanding contributions in the general area of biomedical research-treatment in alcoholism
1981	Dr. Wolfgang Schmidt Addiction Research Foundation Toronto, Canada	Epidemiological research: For his contribution to the alcohol field and in particular, that relating to physical health consequences of heavy drinking
1981	Mr. R. Brinkley Smithers The Christopher D. Smithers Foundation New York, U.S.A.	Honorary: For his life long commitment to the field of alcoholism
1982	Dr. Albert J. Tuyns Ctre International de Recherche sur le Cancer Lyon, France	Research in clinical medicine: For his many contributions to our understanding of the significance of alcohol consumption in the etiology of conditions important to clinical medicine and public health
1983	Dr. Robin Room Alcohol Research Group Berkeley, CA, U.S.A.	Social science research: For contributions to the comparative study of alcohol control policies, and for epidemiological research on the relationship between population drinking and drinking problems
1983	Dr. Klaus Mäkelä Finnish Foundation for Alcohol Studies Helsinki, Finland	Social science research: For contributions to the comparative study of alcohol control policies, and for epidemiological research on the relationship between population drinking and drinking problems
1985	Dr. Paul Lemoine Chief of Service for Pediatrics Nantes Hospital, Nantes, France	Medical and biological research
1985	Dr. Ann P. Streissguth Division of Child Psychiatry University of Washington Seattle, Washington, U.S.A.	Medical and biological research
1986	Dr. Ting-Kai Li Indiana University Medical Center Indianapolis, Indiana U.S.A.	Experimental research on alcoholism: For his outstanding contributions to the advancement of knowledge on the genetics and neurobiology of alcohol and alcoholism
1986	Dr. H. David Archibald International Council on Alcohol & Addictions Toronto, Canada	Honorary: For outstanding achievements in advancing knowledge in the national and international alcohol fields

JELLINEK MEMORIAL FUND - LIST OF RECIPIENTS

1987	Dr. Ole-Jørgen Skog National Institute for Alcohol Research Oslo, Norway	Social sciences: For contributions to the understanding of the collectivity of drinking cultures and for research on the relationship between population drinking and drinking problems
1988	Dr. Boris Tabakoff National Institute on Alcohol Abuse and Alcoholism Bethesda, Maryland, U.S.A.	Biological and medical: clinical: For his major and continuing contributions to our understanding of the neurochemistry of neurotransmitters, receptors, cell membrane response systems and neuropeptide modulators, and their roles in alcohol tolerance and dependence
1990	Dr. G. Alan Marlatt University of Washington Seattle, Washington, U.S.A.	Social and behavioural sciences: experimental: For his significant contributions to the systematic study of social and behavioral aspects of alcoholism
1990	Dr. Archer Tongue International Council on Alcohol & Addictions, Lausanne, Switzerland	Honorary: For outstanding contribution to knowledge in the field of alcohol studies
1991	Dr. George E. Vaillant Department of Psychiatry, Dartmouth College Hanover, New Hampshire, U.S.A.	Epidemiology and population studies: For outstanding contributions to the understanding of the dynamics of drinking careers and the natural history of alcoholism
1992	Dr. Jorge Mardones Departamento de Farmacologia Universidad de Chile Santiago, Chile	Biological and medical research: For his pioneering work in originating the technique of selectively breeding animals to be either high or low alcohol consumers
1992	Dr. Max Glatt United Kingdom	Honorary: For his outstanding pioneer work in the treatment and rehabilitation of alcoholics
1993	Dr. Sally Casswell Department of Community Medicine University of Auckland, Auckland, New Zealand	Social and cultural studies: For her contributions to the understanding of social and cultural drinking patterns and public attitudes
1994	Dr. William R. Miller Department of Psychology University of New Mexico Albuquerque, New Mexico U.S.A.	Behavioral (experimental or clinical) studies: For his contributions to the field of alcohol studies, particularly in the area of behavioral research and behavioral treatment approaches
1995	Dr. Harold D. Holder Director, Prevention Research Center Pacific Institute for Research & Evaluation Berkeley, California U.S.A.	Epidemiology and population studies: For his outstanding contribution to alcohol studies through research on social and economic factors in alcohol consumption and on the impact of changes in availability of alcohol on alcohol-related problems
1996	Dr. Dora B. Goldstein Professor Emerita (Active) Department of Molecular Pharmacology Stanford University School of Medicine Stanford, California U.S.A.	Biological and medical research: For her pioneer work in the area of the effects of alcohol on cell membranes and in the development of animal models used for studies of alcohol tolerance and alcohol

JELLINEK MEMORIAL FUND - LIST OF RECIPIENTS

		physical dependence
1997	Dr. Pekka Sulkunen National Research and Development Center for Welfare and Health Social Research Unit for Alcohol Studies Helsinki, Finland	Social, cultural and policy studies: For his work in social, cultural and policy relevant research
1998	Dr. Oscar A. Parsons Center for Alcohol & Drug Related Studies Oklahoma City, Oklahoma U.S.A.	Behavioral (clinical and experimental) studies: For significant contributions to understanding the neuropsychology of alcohol abuse and alcoholic disorders
1999	Dr. Alexander C. Wagenaar Alcohol Epidemiology Program University of Minnesota, School of Public Health Minneapolis, Minnesota U.S.A.	Epidemiology and population studies: For his contributions to policy-relevant research through rigorous studies of the effects of alcohol controls and of community interventions
1999	Dr. Kaye Middleton Fillmore Institute for Health and Aging Dept. of Social and Behavioral Sciences University of CA at San Francisco San Francisco, CA U.S.A.	Epidemiology and population studies: For her contribution to basic understanding about the life course of drinking and of alcohol problems in a multinational context
2000	Dr. Henri Begleiter SUNY Downstate Medical Center New York, New York U.S.A.	Biological and medical research: For his outstanding use of multidisciplinary approaches to the study of neuroscience and genetic factors in alcoholism
2001	Dr. Jacek Moskolewicz Institute of Psychiatry and Neurology Sobieskiego, Warszawa Poland	Social, cultural and policy studies: For his work on alcohol policy, and on the construction of drinking as a social and moral problem, particularly in the context of social and political transition
2002	Dr. Mark B. Sobell Department of Psychology Nova Southeastern University Fort Lauderdale, Florida U.S.A.	Behavioral (clinical and experimental) studies: For three decades of pioneering important advances for the alcohol field in training and behavioral research on assessment, prevention, early intervention and treatment
2003	Dr. Jürgen Rehm Addiction Research Institute, Zurich, Switzerland, and Centre for Addiction and Mental Health Toronto, Ontario Canada	Epidemiology and population studies: For exemplary research contributions of fundamental importance in alcohol epidemiology and for international leadership in the application of state-of-the-art methods in population studies
2003	Dr. Enoch Gordis Director Emeritus National Institute on Alcohol Abuse and Alcoholism Bethesda, Maryland U.S.A.	Honorary Award: For his vision and leadership over many years, in promoting and facilitating scientific research on the etiology, treatment, and prevention of alcohol abuse and dependence
2004	Dr. R. Adron Harris Waggoner Center for Alcohol and Addiction	Biological and medical research: For his pre- eminent research in delineating the molecular

JELLINEK MEMORIAL FUND - LIST OF RECIPIENTS

	Research, University of Texas at Austin Austin, Texas U.S.A.	interaction of ethanol with GABA receptors
2005	Dr. Thomas F. Babor University of Connecticut Health Center Dept. of Community Medicine & Health Care, Farmington, Connecticut U.S.A.	Social, cultural and policy studies: For his truly innovative combination of scientific rigor and practical studies focussing on the reduction of alcohol-related problems
2006	Dr. Marc A. Schuckit Distinguished Professor of Psychiatry School of Medicine, University of California, San Diego; Director, Alcohol Research Center; VA San Diego Healthcare System San Diego, California U.S.A.	Behavioral (clinical and experimental) studies: For his pioneering work on behavioral reactions to alcohol as risk factors for alcoholism and on the comorbidity between alcohol use disorders and psychiatric/behavioral syndromes
2007	Dr. Bridget F. Grant Laboratory of Epidemiology and Biometry, Division of Intramural Clinical and Biological Research, National Institute on Alcohol Abuse and Alcoholism, NIH Bethesda, Maryland U.S.A.	Epidemiology and population studies: For outstanding leadership in the design, implementation and analysis of major epidemiologic surveys in the field of alcohol and drug use disorders and psychiatric comorbidities
2008	Dr. Paula L. Hoffman University of Colorado at Denver and Health Sciences Center, Dept. Of Pharmacology Aurora, Colorado U.S.A.	Biological and medical research: For her pre-eminent research defining molecular and genetic mechanisms of alcohol tolerance and dependence
2009		Social, cultural and policy studies:
2010	Professor Jim F. Orford Addiction Research Group, School of Psychology, The University of Birmingham, Edgbaston, Birmingham, UK	Behavioral (clinical and experimental) studies: For his visionary work on the relationship of alcohol and other addictions
